Offer

Biological fertilizers for agriculture

We offer biological fertilizers for agriculture. BioEnergy LT (www.bio-energy.lt). We manufacture biological products that increase soil fertility, restore its natural balance and increase plant productivity. Our main products consist of bacterias that fix nitrogen, release phosphorus, increase potassium absorption and fight with plant diseases that are caused by fungies. Also we can produce special products per request.

We are looking for distributors, sales representatives all around the world to sell bio fertilizers that we produce.

Cooperation Offered

- 1. Manufacturing agreement**

Cooperation Requested

- 1. Sales / Distribution**
